

### Iron Cove work update | Week starting Mon 3 May

Date published: 28 Apr 2021

Good afternoon everyone

We hope that you're having a good week.

The update below outlines key work activities scheduled for next week. Further details on these work activities are available on the [construction portal](#).

---

#### Increase in vehicles and activity on local streets

Residents will notice both an increase in construction activity and the number of construction vehicles using local streets, as we prepare to open the new westbound lanes on Victoria Road (towards Drummoyne), and move our construction site to the existing lanes in the middle of Victoria Road. Further information about these upcoming changes will be provided by email on Friday.

Asphalting can create a strong odour that may be unpleasant for nearby residents. The odour is temporary and not hazardous.

The team are working hard to coordinate the remaining activities to reduce the number of vehicles needing to access the area at once. Even with coordination, it is important to note that the area will be busier for the next four weeks.

---

#### Night work update

##### This week

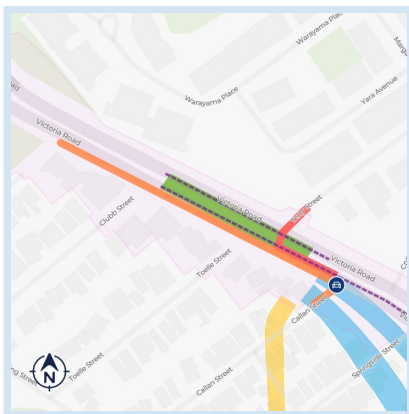

This is a reminder that night work will be carried out tomorrow Thursday 29 and Friday 30 April on Victoria Road between Springside Street and the Iron Cove Bridge. Work will be noisy as we remove and lay new asphalt, install barriers and continue trenching for new stormwater drainage.

This work includes a closure of Callan Street at Victoria Road between 8pm and 5am. Vehicles will be detoured via traffic control and early warning signage, down Springside and McCleer streets during this work.

The right turn from Victoria Road to Terry Street may also be temporarily closed. A detour will be in place requiring vehicles to travel over the Iron Cove Bridge, otherwise residents can turn right earlier, at Darling Street. Please watch for signage

##### Next week

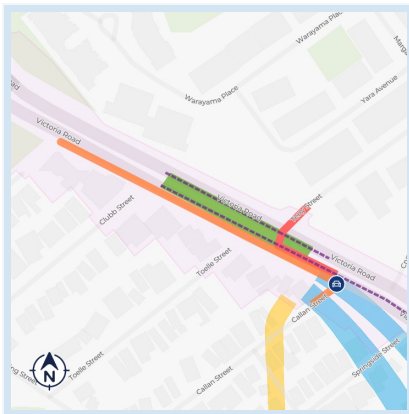

Next week, night work is scheduled for Monday 3, Tuesday 4 and Thursday 6 May between 8pm and 6am.

## Night work this week (week starting 26 April) - Victoria Road between Springside & Byrnes street

- Iron Cove
- 29 Apr 2021 - 01 May 2021

## Tunnelling update

The roadheader is currently excavating the ventilation tunnel under Moodie Street and progressing towards Oxford and Cambridge streets.

From Monday 3 May until Monday 24 May, the roadheader will be excavating the orange section beneath on Moodie Street. Roadheader excavation will continue to be undertaken mainly between 6am Monday to 6am Saturday (24 hours per day).

## Permanent restoration work

Please see next week's work schedule below to restore footpaths and driveways in the area:

Manning Street between Callan and Toelle streets - expected to be completed by Tuesday 4 May. The daily closure of Manning Street will be in place until this time

Byrnes Street (outside 4 Byrnes Street) - Tuesday 4 and Wednesday 5 May

Springside Street between McCleer and Manning streets - from Thursday 6 to Monday 10 May. The road will be closed in this section of Springside Street however access will remain for residents.
