

Construction of a concrete pile and concrete barrier on Campbell Road, St Peters

The M4-M5 Link Tunnels will construct a concrete pile in the centre median of Campbell Road, St Peters for road signage and will also install concrete barriers between Euston Road and Barwon Park Road, St Peters.

What we're doing

Work will be undertaken intermittently from Tuesday 3 May 2022 for six (6) weeks, between 9:00am and 6:00pm Monday to Friday and between 8:00am and 1:00pm on Saturdays, weather and site permitting.

The concrete pile will be constructed to provide a foundation to structurally support new road signage. The work will involve removing an existing concrete pile, constructing a new concrete pile and installing road signage.

In addition, sixty (60) metres of concrete road barriers will be installed in the centre median at this location.

Equipment required for this work includes, but is not limited to: excavator, crane truck, concrete trucks and pumps, elevated work platforms, traffic control (including traffic control vehicles) and other light vehicles and powered hand tools.

How this affects you

This work will at times be noisy. The Project is committed to mitigating construction impacts on surrounding residents by:

- consulting with directly impacted residents ahead of the work taking place
- using noise blankets and other barriers to reduce noise impacts where possible
- using non-tonal reversing beepers and instructing workers to keep noise to a minimum.

Traffic changes

One lane will be closed in each direction on Campbell Road during off-peak hours. Traffic control and signage will be in place to assist motorists, pedestrians and cyclists through these changes.

When

Tuesday 3 May 2022, intermittently for six weeks

Hours of operation

Between 9:00am and 6:00pm Monday to Friday and 8:00am and 1:00pm on Saturday

Where

Campbell Road between Euston Road and Barwon Park Road, St Peters
