

Work update | week starting 18 January 13 January 2021

Good afternoon everyone

We hope that you had a lovely and safe break over the holiday period.

The below update outlines the work scheduled for the rest of this week, and for next week. By clicking on one of the tiles in the Upcoming Work Activities section, you'll be taken to the [new web portal](#) where you can find further information about the activity of interest. For further information on how to navigate the [portal](#), please watch the below video.

We continue to welcome your [feedback](#) as we trial this new digital format. As you know, the [portal](#) is in its early stages and we appreciate your patience as we work out any teething issues.

Tunnelling update

24 hour tunnelling is expected to begin in Iron Cove on **Wednesday 27 January**. During the initial stages of 24 hour tunnelling, it will unfortunately be noisy for Callan and Springside Street residents living near the tunnels in particular.

Firstly, the roadheader will excavate the **dark blue section of traffic** tunnel beneath Callan Street. This is expected to take about three weeks until mid February (to be confirmed). Following this, the roadheader will excavate of the ventilation tunnels, starting with the **dark yellow section** beneath Callan Street around mid February.

We'll provide regular updates and more specific timeframes once 24 hour tunnelling gets underway. In the meantime, please get in touch if you have any questions or concerns.
