

End of tunnel excavation in St Peters

The M4-M5 Link Tunnels team started tunnelling from the Campbell Road tunnelling sites in mid-2019. In April 2021, the team finished all major tunnel excavation activities in St Peters.

What we're doing

All major excavation activities have been completed in the mainline, ramp and ventilation tunnels in St Peters.

Work will continue in the tunnel to complete the civil, mechanical and electrical fit out which is already well progressed.

Work will also continue at the Campbell Road tunnelling site to complete the new ventilation facility and tunnel fit out. The M4-M5 Link Tunnels team would like to thank you for your patience during the excavation phase of the project.

Location of upcoming work

When

May 2021

Where

St Peters
