

10 January 2016

Elevated roadway work - Western Railway Line, Granville

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the M4 is being widened between Granville and Homebush from three to four lanes in each direction, alleviating congestion. Visit westconnex.com.au/M4Widening for more information.

Work on the elevated roadway will be carried out over the Western Railway Line, Granville from **2.00 am on Saturday, 14 January 2017 until 10.00 pm on Sunday, 15 January 2017.**

The railway line will be closed during this period. A map of the work area is provided overleaf.

To minimise impacts on nearby residents, the majority of work will be conducted during the day, generally between 7:00am and 6:00pm. However, some works may need to be carried out during the night to minimise impacts on road and railway users, and ensure the safety of workers.

Equipment used during the work will include lighting towers, cherry picker truck, forklifts, hand tools and an elevated working platform.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment and lights away from residences.

If you would like further information about the upcoming work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 Widening team, or email community.info@rljv.com.au.

Notification reference: N116

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
