

Night work to reinstate the Dobroyd Parade G-Loop at the intersection of Waratah Street, Haberfield

The Minister for Planning recently approved a Modification to the M4-M5 Link Environmental Impact Statement (EIS) which includes reinstating the Dobroyd Parade G-Loop so that Wattle Street and the New M4 tunnels can be used to haul tunnel spoil from the M4-M5 Link Tunnels Northcote Street site.

For more information on the Modification and to view the Modification Report and Conditions of Approval, visit majorprojects.planning.nsw.gov.au.

What we're doing

Roads and Maritime Services will reinstate the G-Loop at Dobroyd Parade, Haberfield formerly used for the M4 East project. Once the reinstatement work is complete, spoil haulage vehicles leaving the M4-M5 Link Tunnels Northcote Street construction site will be able to access the New M4 tunnels on Wattle Street (once they are open to traffic) or occasionally turn right onto Parramatta Road to access approved disposal sites.

Between **Friday 8 March and Friday 29 March 2019**, Roads and Maritime will carry out work to reinstate the G-Loop. The work will include re-surfacing pavement, reconstructing the kerb, localised landscaping and relocating signals.

How this affects you

The work will be noisy at times but we will do everything we can to minimise the impact. Where possible, noisier tasks will be completed before midnight and temporary noise barriers will be installed.

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Please keep to speed limits and follow signs and traffic controllers' directions.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Our work schedule

- 8pm to 6am, Monday to Friday
- 8pm to 8am, Saturday
- 8pm to 9am, Sunday
- Any out of hours work is subject to relevant approval

You can also contact the WestConnex info line on 1800 660 248 and ask to speak to Roads and Maritime, email info.westconnex@rms.nsw.gov.au or visit westconnex.com.au/m4-m5link for more information.
