

23 November 2016

Power adjustment work – Campbell Street, St Peters

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The New M5 will duplicate the existing M5 East corridor, doubling vehicle capacity and easing congestion between St Peters and Beverly Hills. It will include twin tunnels, an upgrade of King Georges Road Interchange, a new interchange at St Peters and local road upgrades in St Peters, Mascot and Alexandria. For more information, visit westconnex.com.au/NewM5.

To accommodate the clearing of properties on Campbell Street, the existing overhead power lines will be relocated underground. From **28 November 2016**, this will involve progressively installing new underground power cables and removing existing overhead power lines and poles along all or part of the following streets:

- Campbell Street between Albert Street and Unwins Bridge Road
- Church Street between Campbell Street and Victoria Street
- St Peters Street
- Florence Street
- Brown Street
- Princes Highway between Victoria Street and Short Street

A map showing the work area is provided overleaf. This work is expected to take approximately six weeks to complete, weather permitting.

Work will generally occur between **7.00 am and 6.00 pm from Monday to Friday and between 8.00 am and 1.00 pm on Saturday**. There will be no works on Sundays or public holidays. Some work will be done at night due to high traffic volumes on Princes Highway and Campbell Street. You will be notified if out-of-hours work is to be undertaken near your property.

The work will involve:

- identifying existing underground utility services
- excavating the road, footpath and verge
- installing and connecting power cables
- backfilling and reinstating the road, footpath and verge
- removing existing overhead power lines and poles

Equipment to be used during this work will include a vacuum truck, excavator, trucks, concrete saw, jackhammer, plate compactors and cherry pickers.

The work will involve some temporary changes to traffic conditions for the safety of road users, pedestrians, cyclists and workers, including:

- reduced speed limits
- footpath closures and detours
- short term closure of on-street parking
- lane closures and stop-go arrangements

Traffic control and signage will be in place to assist road users, pedestrians and cyclists.

Access to properties directly adjacent the work area may be limited for short periods as the work moves along the route. You will be notified before any access changes occur at your property.

If you have any questions or complaints about this work, please call toll free 1800 660 248 and ask to speak to a member of the new M5 community engagement team or email info@newm5.com.au.
