

We are seeking expressions of interest from community members to join the M4 East Air Quality Consultative Committee (AQCCC).

The AQCCC's role is to provide advice on the location of the air quality monitoring stations and to provide advice and input on the operation environmental management plans and other operational documents, compliance tracking reporting, audit reports, complaints relating to air quality, and dissemination of monitoring results, prior to and during the operation of the M4 East. .

We are seeking to appoint three community representatives from each geographical end of the project.

We are looking for community representatives who:

- live in or own a business in the community surrounding either ventilation facility (preference will be given to applicants who live within three kilometers of the ventilation facilities)
- are willing to contribute constructively
- are active in the community, with strong community networks
- have a sound understanding and awareness of the project and related environmental issues of concern to the broader community
- are willing to adhere to the committee's code of conduct.
