

13 April 2017

Update - Night work at Bourke Road and Bourke Street near Gardeners Road, Mascot

As part of the WestConnex New M5 project, Bourke Road and Bourke Street will be upgraded to connect to the future St Peters Interchange at the former Alexandria Landfill.

Further to the notification distributed 3 March, work to facilitate site establishment on Bourke Road and Bourke Street was delayed. Night work is now expected to commence on **Tuesday April 18** and take up to three weeks to complete over no more than **ten nights**, weather permitting.

The night work will be carried out between **8pm and 5am from Monday to Saturday**.

The night work will involve installing concrete barriers, investigation drilling, fencing, setting up a safe work area and traffic management. The barrier installation will be carried out progressively, starting with Bourke Street before moving to Bourke Road.

This work is required to be carried out at night to limit impacts to traffic during the day. Every effort will be made to minimise the impact of this work on nearby residents and businesses. Equipment to be used during this work will include cranes, excavators, trucks, light vehicles and lighting towers.

Once night work is complete, activity will commence during standard construction hours to prepare the site for road construction. Activities to be undertaken during this period were outlined in the notification distributed on Friday 10 March and will include vegetation clearing, ground levelling and utility investigations.

Traffic changes

Changed traffic conditions will be in place during this work including:

- Closure of Bourke Street between Church Avenue and Gardeners Road, expected to start from Tuesday April 18 for approximately five nights. Access to local businesses will be maintained
- Closure of Bourke Road between Gardeners Road and Doody Street from Wednesday 26 April for approximately five nights. Access to local businesses will be maintained
- Reduced speed limits

A map showing the closure locations and detour routes is provided overleaf.

Traffic control and signage will be in place to guide motorists, pedestrians and cyclists safely during the work. If you are travelling through the area, please allow extra time for your journey and follow the signs and directions from traffic controllers. Local businesses will have access to their properties maintained throughout the work.

More information

If you have any questions about this work, please call 1800 660 248 and ask to speak to a member of the New M5 Community Engagement Team or email info@newm5.com.au. You can also visit the New M5 Community Information Centre located at 27 Burrows Road, St Peters. The centre is open on weekdays from 9am to 5pm.
