

1 June 2016

Change to traffic conditions – Homebush Bay Drive westbound off-ramp

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/m4east.

From **Sunday, 5 June to Thursday, 30 June 2016** night work to prepare for the realignment of the Homebush Bay Drive westbound off-ramp will commence. **Please note, if the work is unable to be completed over this period, it will be rescheduled.** A map of the work area and a schedule of dates is provided overleaf.

This work is expected to take place over twelve nights, weather permitting, and will occur between **10.30 pm and 5.00 am** to reduce impacts on road users and ensure the safety of workers and motorists.

The work will involve:

- installing a crash cushion and concrete barriers
- asphaltting of the westbound off-ramp
- line marking and installation of directional signage
- clearing vegetation.

Once the work is completed, traffic travelling westbound along the M4 Motorway exiting at Homebush Bay Drive, will be moved onto a new section of the westbound off-ramp. The realignment of the off-ramp is required to enable the M4 Motorway upgrade works.

Temporary carriageway closures on the M4 Motorway will be in place during the night work. Please allow extra travel time and follow the direction of traffic controllers and signage.

Equipment used throughout the work will include road saws, hammer drills, excavators, light towers, paver, cranes, chainsaws, trucks and line-marking vehicles.

Every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you would like further information about the upcoming work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au. Notification reference: N063

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
