These comments are a summary of feedback received from members of the community on the November 2013 preliminary concept design. This feedback is currently being considered. More detailed information will be exhibited in the Environmental Impact Statement in late 2014 when further feedback will be sought.

**Property**
- Concern about property value impacts
- Concern about property acquisition impacts
- Request for maps and information on property acquisition

**Traffic and transport**
- Concern about traffic congestion will be moved from M4 to Haberfield/Ashfield, particularly between Stage 1 and Stage 3 being completed
- Manage traffic and ensure road safety on local roads during and after construction
- Request to minimise traffic impacts on local roads
- Consider improving public transport along Parramatta Road
- Request number of traffic lanes on Parramatta Road are not reduced
- Manage trucks removing spoil during construction
- Address parking needs for construction workers
- Consider pedestrian and cycle connectivity across Parramatta Road

**Air quality, ventilation and health**
- Concern about the location of ventilation outlets near schools, parks, residential areas and community facilities
- Concern about air quality monitoring and impacts at ventilation outlets and tunnel entry/exit points
- Health concern for residents near ventilation outlets and at tunnel entry/exit points
- Consider commercial areas along Parramatta Road for location of ventilation outlets

**Concept design**
- Request for more detailed plans
- Request for the tunnel entry/exit points to be moved either east or west away from Ashfield Park
- Request to retain pedestrian foot bridge over Parramatta Road

**Noise and vibration**
- Construction noise and vibration concern including night works
- Concern removal of commercial properties along Parramatta Road will increase noise levels
- Concern about impact on properties as tunnel shallows
- Concern about operational noise increase

**Heritage**
- Concern about impact on Ashfield Park
- Concern about impact on Haberfield’s heritage homes
- Concern about impact on Yasmar

**Amenity**
- Concern about the height and design of ventilation outlets
- Concern about potential high rise construction along Parramatta Road
- Concern about local amenity impacts
- Comment Parramatta Road would benefit from urban revitalisation and removal of surface traffic

Map and concept design are not to scale | April 2014
