

15 February 2016

Dear Resident

Underground power cable installation

Work is continuing to construct the WestConnex Motorway, linking Sydney's west and south-west with the city, airport and port. WestConnex will ease congestion, create jobs and connect communities.

On 12 February 2016, approval was given to construct M4 East. As part of this project, approximately 1.5 kilometres of underground power cables will be installed from the Burwood substation on Ada Street to Cintra Park in Concord from 22 February 2016. A map showing the location of the work is provided overleaf.

The cable installation is expected to take three months to complete, weather permitting. As the cables will be installed progressively, you will be notified prior to work commencing directly in front of your property.

To minimise any impacts, the majority of works will generally take place between **7am and 6pm from Monday to Friday and between 8am and 1pm on Saturday**. Some work may be required outside of these hours to ensure the safety of workers and motorists. You will be advised if after hours work is required near your property.

The work will involve:

- establishing temporary worksites along the route
- excavating and trenching the road, footpath or verge using jackhammers, trucks, cranes, water carts and a drill rig and other equipment
- installing plastic pipes and pulling and connecting power cables
- ongoing traffic and pedestrian management to ensure the safety of motorists, residents and workers
- restoring the area to its original condition.

Every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you travel along the work route, please allow extra travel time and follow the direction of traffic controllers and signage.

If you would like further information about the upcoming work, please contact 1300 660 248 or info@westconnex.com.au.

Yours sincerely

Rebecca Spencer
Community Relations Manager
