

8 September 2016

Stormwater diversion, Homebush

Further to our notification on 24 August 2016, work continues on the diversion of a stormwater through Underwood Road, near Powell Street.

To ensure the safety of workers and motorists, work will be undertaken **between 8.00 pm and 5.00 am from Tuesday, 13 September 2016**. The work is expected to take two nights to complete, weather permitting. A map showing the location of the work is provided overleaf.

Work will involve:

- using a vacuum truck to locate existing services
- excavating and trenching the road, footpath or verge using jackhammers, road saws, compaction equipment, lighting tower, trucks, excavators, and other equipment
- installing stormwater main
- backfilling and temporary reinstatement of the work area. Permanent restoration will follow.

Equipment used throughout the work will include excavation equipment including rock hammer, concrete and vacuum trucks, lighting towers, compactors, concrete cutters, tipper and light vehicles.

There will be a single lane closure as a part of this work. Traffic management and signage will be in place. Please allow extra travel time and follow the direction of traffic controllers and signage.

There may be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N064c

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
