

## 3 February 2017

### Utilities relocation and partial road closures – Ismay Avenue, Homebush

Further to our notification on 24 May 2016, work continues to relocate a number of services in Homebush.

From **Thursday, 9 February 2017** work will commence to relocate a sewer main on Ismay Avenue, Homebush.

To minimise impacts on nearby residents, work will be undertaken **between 7.00 am and 6.00 pm from Monday to Friday and 8.00 am and 1.00 pm on Saturday**. A map showing the location of the work is provided overleaf.

This work is expected to take up to **ten weeks to complete**, weather permitting, and will involve:

- locating existing services
- excavating and trenching the road, footpath or verge
- installing the sewer main
- permanent restoration of the work area.

Equipment used throughout the work will include excavation equipment including rock hammers, vacuum trucks, compactors, underbore machines, concrete cutters, tippers and light vehicles.

**As part of this work, partial road closures in two locations of Ismay Avenue, Homebush will be in place at separate times.**

Traffic management and signage will be in place and residential access will be maintained at all times. Construction vehicles will use Pomeroy Street and Allen Street Reserve to access the work area. Please allow extra travel time and follow the signage and the direction of traffic controllers.

One shift of night work will be required at the end of this work in order to connect the new sewer main. You will be notified separately in advance of any night work scheduled near your property.

There may be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

#### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
