

18 August 2016

Service relocations – Concord and North Strathfield

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/M4East.

From Tuesday, 23 August 2016 work will commence to relocate a water main on Parramatta Road, Concord adjacent to Fraser Motorcycles. A map showing the location of the work is provided overleaf.

To minimise impacts on nearby residents, generally work will be undertaken **between 7.00 am and 6.00 pm from Monday to Friday and 8.00 am and 1.00 pm on Saturday**.

However, some out of hours work will be required to reduce impacts on road users and ensure the safety of workers and motorists. Night work will take place on **Tuesday, 23 and Wednesday, 24 August 2016 between 6.00 pm and 7.00 am**. You will be provided with notification if further out of hours work is required near your property.

The work will take approximately six weeks to complete, weather permitting, and will include:

- installing temporary worksites and fencing
- delivering oversized equipment
- temporary reduction of parking
- identifying and marking up of underground services and utilities
- clearing and pruning vegetation
- excavating in the road and footpath corridor
- testing and commissioning of the relocated water main
- temporary reinstatement of the work area. Permanent restoration will follow.

Equipment used will include bobcats, diggers, concrete trucks, lighting towers, vacuum trucks, concrete cutters, jackhammers, excavation and boring equipment, compactors, and vibrating rollers.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. There will be single lane closures on Concord Road southbound and Parramatta Road eastbound during the night work. If you travel along the work route, please allow extra travel time and follow the signage and direction of traffic controllers.

There may be some noise associated with these works, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences. Water services will be maintained throughout the work.

If you have a complaint or enquiry about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N066b

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
