

9 June 2016

Site preparation work - M4 Motorway, Concord Road and Sydney Street

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/m4east.

From **Tuesday, 14 June 2016**, night work to prepare for the establishment of the Concord Road construction site and realignment of the M4 Motorway will commence. A map of the work area is provided overleaf.

To ensure the safety of workers and motorists, this work will take place at night **between 9.00 pm and 5.00 am from Sunday to Friday**.

Work will take about five weeks to complete, weather permitting, and will include:

- removing trees and clearing vegetation
- ongoing geotechnical and utility investigations
- temporary lane closures and reduced speed limits on the M4 Motorway and westbound on-ramp, Concord Road and Sydney Street.

Traffic control will be in place during the work to ensure the safety of motorists, residents and workers. If you travel along the work route, please allow extra travel time and follow the direction of traffic controllers and signage. Access to properties will be maintained at all times

Equipment used throughout the work will include cranes, elevated work platforms, insulated hydraulic chainsaws, wood chippers, excavators, vacuum trucks, drilling equipment and lighting towers.

Noise may be experienced during these works, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have a complaint or enquiry about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au. Notification reference: N069

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
