

17 June 2016

## Water main investigation – Parramatta Road, Haberfield and Ashfield

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit [westconnex.com.au/M4East](http://westconnex.com.au/M4East).

From **Thursday, 23 June to Friday, 8 July 2016** water main investigation night work will be carried out along Parramatta Road between Bland Street and Orpington Street, Ashfield.

To ensure the safety of workers and motorists, the work will take place between **9.00 pm and 5.00 am**. The work will be carried out up to three nights per week, for no more than two consecutive nights and no work will be carried out on weekends. A map showing the work area is provided overleaf.

The work will involve:

- setting up traffic control
- excavating sections of the roadway
- investigating the existing water main
- surveying the location and temporarily reinstating the road.

Equipment used during the work will include road saws, trucks, vacuum trucks, excavators, hand tools and lighting equipment. This work may generate intermittent noise.

Two eastbound and two westbound lanes on Parramatta Road will be closed with one lane in each direction open to traffic. Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. If you travel along the work route, please allow extra travel time and follow the direction of traffic controllers and signage.

Noise may be experienced during this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au). Notification reference: N075

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
