

**17 August 2016**

## Water main relocation – Parramatta Road, Homebush

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit [westconnex.com.au/M4East](http://westconnex.com.au/M4East).

From **Monday, 22 August 2016**, work will commence to install a new water main at Parramatta Road, west of Station Street, Homebush. A map of the work area is provided overleaf.

To ensure the safety of workers and motorists, work will take place at night **between 8.00 pm and 5.00 am Monday to Friday**. The work will be carried out over four weeks up to three nights per week, but for no more than two consecutive nights.

The work will involve:

- establishing a temporary worksite
- excavating and trenching the road, footpath or verge
- installing new water main
- backfilling and temporary reinstatement of the works area. Permanent restoration will follow.

Equipment used throughout the work will include jackhammers, road saws, compaction equipment, lighting towers, excavators, rock hammer, concrete and vacuum trucks, tipper and light vehicles.

One eastbound lane of Parramatta Road will be closed as a part of this work. Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Please allow extra travel time and follow the direction of traffic controllers and signage.

Noise may be experienced during these works, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

Notification reference: N080

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
