

15 July 2016

Installation of concrete slab, Haberfield

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/M4East.

From **Wednesday, 20 July 2016**, night work will commence to install a protective concrete slab near the corner of Parramatta Road and Wolseley Street, Haberfield. This work is required to protect existing underground services in preparation for the construction of the driveway to the Northcote Street site. A map of the work area is provided overleaf.

To ensure the safety of workers and motorists this work will take place at night **between 10.00 pm and 5.00 am from Monday to Friday**.

Work will take about three weeks to complete, weather permitting, and will include:

- setting up traffic control
- excavating the kerb and footpath
- pouring the concrete slab
- reinstating the footpath and kerb.

Equipment used during the work will include excavators, road saws, concrete trucks, small crane trucks, hand tools and lighting equipment.

Resident access will be maintained at all times. Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. If you travel along the route, please allow extra travel time and follow the signage and direction of traffic controllers.

There will be some noise associated with this work, however every effort will be made to keep it to a minimum including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences. All work sites will also be restored to their previous condition.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au. Notification reference: N089

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
