

## Preparatory work for permanent variable message sign – Parramatta Road, Haberfield

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit [westconnex.com.au/M4East](http://westconnex.com.au/M4East).

On **Wednesday, 28 June 2017** work will commence to confirm the location of a permanent electronic variable message sign (VMS) on Parramatta Road, Haberfield. The future sign will provide road users with up-to-date information on traffic conditions, planned and unplanned incidents, and events. A map showing the location of the work is provided overleaf.

To ensure the safety of motorists, residents and workers, and to minimise potential impacts on the road network, work will be undertaken between **8.00 pm and 5.00 am Sunday to Friday**.

The work will take approximately **three months to complete** and will involve:

- potholing to locate services
- relocation of electricity poles, underground cables and overhead lines
- installing power and telecommunications cabling

Equipment used during the work will include jackhammers, road saws, compaction equipment, lighting towers, excavators, rock hammer, concrete trucks, vacuum trucks and tipper trucks.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Access to properties will be maintained. If you travel along the work route, please allow extra travel time and follow the signage and direction of traffic controllers.

There will be some noise and vibration associated with this work during standard construction hours. Every effort will be made to minimise the impact of work, including turning off equipment and vehicles when not in use, and directing noisy equipment away from residences wherever possible.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

Notification reference: N091A

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
