

13 July 2016

Long-term road closure - Chandos Street at Parramatta Road, Ashfield

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/M4East.

From **Monday, 18 July 2016** until the completion of the project, Chandos Street at Parramatta Road, Ashfield will be closed to allow for the construction of the Parramatta Road interchange.

To ensure the safety of workers and motorists, work to close the road will take place at night between **9.00 pm and 5.00 am**.

This work will take one night to complete and will involve:

- setting up traffic control
- lifting traffic barriers in to place along Parramatta Road, across Chandos Street
- connecting the traffic barriers together with hand tools.

Equipment used during the work will include a pick and carry crane, trucks, hand tools and lighting equipment.

There will be some noise associated with this work, however every effort will be made to keep it to a minimum including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences. All work sites will also be restored to their previous condition.

One westbound lane of Parramatta Road will be closed in the direct vicinity of the work while the barrier is installed. Traffic control and pedestrian management will be in place to ensure the safety of motorists, pedestrians and workers. If you travel along the route, please allow extra travel time and follow the signage and direction of traffic controllers.

During the construction period, access to and from Parramatta Road will be via Orpington Street or Bland Street, Ashfield. Signage will be in place around the local area to assist pedestrians and motorists. Further details are provided in the map overleaf.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au Notification reference: N094

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
