

**23 August 2016**

**Construction of permanent westbound off-ramp – Homebush Bay Drive, Homebush.**

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit [westconnex.com.au/M4East](http://westconnex.com.au/M4East).

From **Monday, 29 August 2016**, work will commence on the construction of the new Homebush Bay Drive westbound off-ramp. A map showing the work area is provided overleaf.

To minimise impacts on nearby residents, generally work will be undertaken **between 7.00 am and 6.00 pm from Monday to Friday and 8.00 am and 1.00 pm on Saturday**. You will be notified if work is required near your property outside of these hours.

The work is expected to take **nine months to complete**, weather and site conditions permitting and will include:

- excavation work for retaining walls
- piling work
- constructing retaining walls
- installing stormwater drainage

Equipment used during the work will include excavators, vibrating rollers, piling rigs, concrete trucks, compactors, generators, cranes, pumps, shotcrete rigs, trucks and light vehicles.

Access to the work area will be via the M4 Motorway and Park Road, Homebush.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

Notification reference: N101

## ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
