

Utility diversion work – Ashfield and Haberfield

Further to our notification N102b on Friday, 25 November 2016, work to relocate utilities and to identify services in the Ashfield and Haberfield area continues.

To minimise the impact to residents, work has been scheduled to take place between **7.00 am and 6.00 pm Monday to Friday** and **8.00 am and 1.00 pm on Saturday**, where possible. However, to ensure the safety of workers and motorists, some night work is required. Night work will take place between **9.00 pm and 5.00 am Sunday to Friday**. In some instances, preparatory work may commence at 6.00 pm. Residents will be notified separately when work is scheduled to commence at 6.00 pm.

Work to identify, relocate and install electrical and water services will take approximately **three months to complete**, weather permitting, and will include:

- pruning vegetation
- identifying services, excavating and installing cables or pipes
- installing new overhead poles and wiring
- temporary restoration works, prior to permanent restoration in consultation with Inner West Council.

Equipment used throughout the work will include excavators, vacuum trucks, concrete saws, compactor plate, trucks, hand tools and lighting equipment.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Access to properties will be maintained at all times.

Lane closures will be in place on Parramatta Road in the vicinity of the night work. If you travel along the work route, please allow extra travel time and follow the direction of traffic controllers.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences. All sites will also be restored to their previous condition.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N102c

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
