

27 July 2016

Permanent road closure - Martin Street, Haberfield

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/M4East.

From **Monday, 1 August 2016**, Martin Street will be permanently closed at the intersection with Wattle Street. This is to ensure the safety of pedestrians and motorists throughout the construction phase of the project and once the motorway is complete.

Access to Wattle Street from Martin Street will be from Ramsay Street or Waratah Street via Alt Street. Signage will be in place throughout the local area to assist pedestrians and motorists. Further details are provided on the map overleaf.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au. Notification reference: N103

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
