

15 September 2016

Night work update – Concord Road Interchange

Further to our notification on 31 August 2016, night work to prepare for the establishment of the Concord Road construction site and realignment of the M4 Motorway will continue **from Sunday, 18 September 2016**.

To ensure the safety of workers and motorists, this work will take place at night **between 9.00 pm and 5.00 am**. A map of the work area is provided overleaf.

This work will take three nights to complete, weather permitting, and will include:

- pinning barriers on the M4 eastbound carriageway
- installing traffic signage on the M4 Sydney Street off-ramp.

Traffic control and pedestrian management will be in place during the work to ensure the safety of motorists, residents and workers. If you travel along the work route, please allow extra travel time and follow the signage and direction of traffic controllers.

Equipment used throughout the work will include hand tools, rattle guns, drills, a vacuum truck, and lighting towers.

There may be some noise associated with these works, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have a complaint or enquiry about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N132

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
