

**18 November 2016**

## Temporary road closures – Ramsay Street, Haberfield

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit [westconnex.com.au/M4East](http://westconnex.com.au/M4East).

To facilitate the construction of the Wattle Street interchange, Ramsay Street, Haberfield will be closed between Walker Avenue and Wattle Street for the following two weekends:

- from 8.00 pm Friday, 25 November to 5.00 am Monday, 28 November 2016
- from 8.00 pm Friday, 9 December to 5.00 am Monday, 12 December 2016.

The closures are required to construct a large number of piles that cannot be reached from within the existing construction area. Piles are the vertical components of the supporting foundation which provide earth stabilisation around a structure.

The work will be undertaken continuously throughout the closures. Working over the weekend periods will ensure the safety of workers and motorists, and create greater efficiency for the team to complete the work. The work will involve the following activities:

- boring a circular hole in the ground
- installing steel reinforcement; and
- filling the hole with concrete to form a pile.

Equipment used for this work will include pick and carry cranes, piling rigs, slewing cranes, jack hammers, compressors, concrete agitators, trucks, and generators.

### Traffic changes

During the closure eastbound traffic on Ramsay Street will temporarily be able to undertake a right turn onto Wattle Street southbound (towards Parramatta Road), this is currently prohibited. This change allows motorists that would have travelled east, through the intersection, to use Parramatta Road as an alternative route. A map showing traffic diversions and road closures is provided overleaf.

### Bus stop and pedestrian changes

The existing bus stops at the corner of Ramsay Street and Alt Street and Ramsay Street and Empire St will be temporary closed during the work. A temporary bus stop will be set up at the corner of Ramsay Street and Empire Street (north side). The bus stop on Ramsay Street between Yasmar Avenue and Gillies Avenue will remain open.

Notification reference: N133

#### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.

Pedestrian footpaths will be temporarily closed on the south side of Ramsay Street (between Wattle Street and Martin Street). Pedestrian access on the north side of Ramsay Street will remain the same. A map showing the bus diversion is provided overleaf.

Traffic control, detour signage and pedestrian management will be in place during the work to ensure the safety of motorists, pedestrians and workers. **Access to properties will be maintained at all times.**

If you travel along this route for work, please allow extra travel time and follow the signage and the direction of traffic controllers. For the latest live traffic updates and more information on these closures, visit [livetraffic.com](http://livetraffic.com), download the Live Traffic NSW App for iPhone, iPad and Android or call the Traffic Information Line on 132 701.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using low-tonal reversing beepers on machinery during night works, turning off equipment and vehicles when not in use, directing noisy equipment away from residences where possible, and undertaking regular noise monitoring to ensure levels are being managed effectively.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).
