

Temporary road closure – Ramsay Street, Haberfield

Ramsay Street will continue to be closed between Walker Avenue and Wattle Street to facilitate the construction of the Wattle Street interchange. Due to wet weather, **the closure will be in place until construction is completed in May 2017.**

Since the closure commenced in January, the construction team have completed:

- installation of 27 permanent piles and 24 temporary piles
- approximately 6,000 m³ of spoil has been excavated from underneath Ramsay Street
- 103 precast planks installed to form the bridge structure which traffic will drive on after re-opening.

Work to construct the cut and cover structure will continue **between 7.00 am and 6.00 pm Monday to Friday and 8.00 am to 6.00 pm Saturday and Sunday** until the end of May or if construction is completed earlier. Notification will be provided as to when Ramsay Street will reopen. If work is required outside of these hours, a separate notification will be issued to properties in the vicinity of the work.

The work will include:

- ongoing earthworks, including excavation and rock breaking
- construction of the deck slabs and waterproofing of the cut and cover structure
- construction of kerb and gutter, drainage, and road line marking
- traffic control and pedestrian management.

Pavement construction and utility installation will continue for up to two months past the re-opening of Ramsay Street, and will be undertaken behind temporary safety barriers.

Equipment used during the work will include cranes, jack hammers, compressors, concrete agitators, trucks, generators, concrete cutters, excavation and boring equipment, compressors, pumps, shotcrete rigs and vibrating rollers.

Traffic changes

During the closure, eastbound traffic on Ramsay Street will temporarily be able to undertake a right turn onto Wattle Street southbound (towards Parramatta Road) - this is currently prohibited. This change allows motorists that would have travelled east, through the intersection, to use Parramatta Road as an alternative route. Please see map overleaf for traffic diversions.

Notification reference: N153A

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.

Bus stop changes

The existing bus stops at the corner of Ramsay Street and Alt Street, and the corner of Ramsay Street and Empire Street will continue to be temporarily closed during the work. The temporary bus stop set up at the corner of Ramsay Street and Empire Street (north side) will remain until Ramsay Street re-opens.

A Community Shuttle Bus will continue to operate between Fairlight Street (Five Dock shops) and Dalhousie Street (Haberfield shops) stopping at the permanent bus stops which are not being serviced by the normal buses (excluding those within the construction zone). The Shuttle Bus will continue to operate 7 days a week between 6 am and 7 pm. Please see overleaf for bus diversion map.

Pedestrian diversions

Pedestrian footpaths will remain temporarily closed on Ramsay Street between Wattle Street and Walker Avenue. Pedestrian access will be via Alt Street, Martin Street and Wattle Street. A map showing the route is provided overleaf.

Traffic control, detour signage and pedestrian management will continue to be in place during the work to ensure the safety of motorists, pedestrians and workers. **Access to properties will be maintained at all times.**

If you travel along this route, please allow extra travel time and follow the signage and the direction of traffic controllers. For the latest live traffic updates and more information on these closures, visit livetraffic.com, download the Live Traffic NSW App for iPhone, iPad and Android or call the Traffic Information Line on 132 701.

If you have a complaint or enquiry about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.
