

Road work and traffic changes – Martin Street, Haberfield

From **Wednesday, 2 August 2017**, work to construct the new Martin Street and Wattle Street intersection will continue. Martin Street will be temporarily closed on the northern side of its intersection of Wattle Street for the duration of this work. A map showing the location of the work is provided overleaf.

To minimise the impact to residents, work has been scheduled to take place between **7.00 am and 6.00 pm Monday to Friday** and **8.00 am and 1.00 pm on Saturday**, where possible. However, to ensure the safety of workers and motorists, some night work is required. Night work will take place between **9.00 pm and 5.00 am Sunday to Friday**. In some instances, preparatory work may commence at 6.00 pm. Residents will be notified separately when work is scheduled to commence at 6.00 pm.

This work to realign and readjust the height of the road will take approximately **2 months** to complete, and will involve:

- construction of retaining walls
- installation of drainage
- utilities investigation and installation (managed by Ausgrid)
- construction of new road pavement
- construction of footpaths, kerb and gutter
- line marking.

Construction of the retaining wall structure is scheduled to be completed by the end of August. After which Ausgrid will commence non-contestable utility work in this location. The pedestrian footpath at the intersection of Martin Street (north) and Wattle Street will reopen upon completion of Ausgrid's work.

Construction of new road pavement, kerb and guttering, in this location will be ongoing until late 2017. Residents will be notified separately of ongoing road work and when this intersection is to be reopened.

Equipment used during the work will include excavators, cranes, rollers, spray seal truck, asphalt layer, kerb laying machine, concrete trucks, line marking equipment and lighting.

During the work, the pedestrian footpath on the corner of Martin Street and Wattle Street in the vicinity of the work site will be closed. Detour signage, traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. A map showing the pedestrian detour is provided overleaf.

If you travel along the route, please allow extra travel time and follow the direction of traffic controllers and signage.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the New M4 team or email info@M4East.com.au.

Notification reference: N177A

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
