

## Drainage Works – Queen Street, North Strathfield

From Thursday 30 March, **2017** work will commence along Queen Street, North Strathfield to install new drainage associated with the Concord Road Interchange works. A map showing the location of the work is provided overleaf.

To minimise the impact to residents, work has been scheduled to take place **between 7.00am and 6.00pm Monday to Friday and 8.00am and 1.00pm on Saturday**, where possible. However, to ensure the safety of workers and motorists, some night work may be required. Residents will be notified separately when this work is scheduled.

This work will take approximately **eight weeks** to complete, weather permitting and will involve:

- installing temporary traffic barriers and signage
- clearing and removing vegetation
- potholing for investigation and location of existing services
- installing storm water drainage
- installing and modifying pavements for associated drainage work
- temporary remediation work, prior to permanent restoration.

Equipment used during the work will include excavators, vacuum trucks, concrete saws, core drills, chainsaws, cranes, trucks, compactors, road line markers, graders, asphalt laying plant, small tools, hand tools and lighting equipment.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Parking will be restricted in the vicinity of the works, and contra flow traffic arrangements will be in place during this time. If you travel along the work route, please allow extra travel time and follow the signage and direction of traffic controllers.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including using non-tonal reversing beepers on all machinery at night, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences. All sites will also be restored to their previous condition.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

Notification reference: N186

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
