

3 July 2017

Line marking– Sydney Street, Concord

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/m4east.

From **Sunday 9 July, 2017** work will be undertaken on Sydney Street west in order to facilitate line marking work. This work will be undertaken **between 10.00pm and 5.00am** in order to reduce impacts on road users and ensure the safety of workers and motorists.

This work is expected to take up to **four nights** to complete, weather permitting and will include:

- removing existing line marking on Sydney Street to Concord Road
- remarking new lines on Sydney Street to Concord Road
- relocating concrete barriers on Sydney Street.

There will be some noise associated with this work, however, every effort will be made to minimise the impact of work, including by using low-tonal reversing beepers on machinery during night work, turning off equipment and vehicles when not in use, directing noisy equipment away from residences where possible, and undertaking regular noise monitoring to ensure levels are being managed effectively.

Equipment used will include; 25T franna crane, line marking vehicles, water blaster, lighting towers, light vehicles and hand tools.

During the work, Sydney Street west will be closed between the M4 Motorway and Concord Road.

Traffic control, signage and pedestrian management will be in place during the work to ensure the safety of motorists, residents and workers. If you travel along the work route, please allow extra travel time and follow the signage and the direction of traffic controllers.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N226

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
