

19 September 2017

Scaffolding installation – Underwood Road Ventilation Facility

Construction of the Underwood Road Ventilation Facility (URVF) continues on Underwood Road, Homebush. To ensure the safety of workers and avoid congestion on the Underwood Road (northbound) footpath, the installation of temporary scaffolding is required around the perimeter of the URVF structure.

The scaffolding will remain in place throughout construction of the URVF.

Timing and work hours

This work is scheduled to commence from **Monday 25 September 2017** and is expected to take two nights to complete, weather permitting.

This work will be undertaken between **10.00 pm and 5.00 am Sunday to Friday**, to ensure the safety of workers and motorists.

Work activities include:

- mobilise traffic control, including safety barriers
- install scaffolding
- demobilise traffic control.

Equipment used will include lighting equipment, 20t crane, lighting equipment and hand tools.

Minimising impacts

There may be some noise associated with this work and every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

Traffic changes

During this work, one northbound lane of Underwood Road will be closed. If you travel along this route, please allow extra travel time and follow the signage and the direction of traffic controllers.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au

Notification reference: N234a

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
