

Restoration Work – Ismay Avenue, Homebush

From **Tuesday 12 December 2017**, work will commence to remediate the road surface and footpath along Ismay Avenue, Homebush. A map showing the location of the work is provided overleaf.

Timing and work hours

Work is expected to take up to **two months to complete** and is scheduled to occur between **7.00 am and 6.00 pm Monday to Friday and 8am and 1pm Saturday**, weather and site conditions pending.

Work activities

The work will involve:

- concrete work to restore kerbs, gutters, driveways, laybacks and footpaths
- mill and re-sheet road surface with asphalt.
- manhole restoration.

Equipment used during the work will include equipment trailer, excavators, trucks, concrete and road saws, small generators, vacuum truck, concrete trucks, street sweeper, asphalt paver, smooth drum rollers, bobcat and hand tools.

Minimising impact

There will be some noise associated with this work and every effort will be made to minimise this impact, including by using low-tonal reversing beepers on machinery during night work, turning off equipment and vehicles when not in use and directing noisy equipment away from residences where possible.

Traffic changes

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. **A full road closure will be required for the asphaltting works** and parking will be restricted in the vicinity of the work (of which you will be notified separately closer to the date). If you travel along the work route, please allow extra travel time and follow the signage and direction of traffic controllers.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N278

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
