

## Ongoing construction work - Haberfield

From Wednesday, 4 July 2018, work will continue along Wattle Street and Dobroyd Parade, Haberfield. A map showing the location of work, as well as road closures is provided overleaf.

This work will include the temporary diversion of pedestrians at the Waratah Street and Dobroyd Parade intersection to allow the completion of deep pavement. To cross at the lights, cyclists and pedestrians will need to follow the temporary footpath through the site.

Due to recent adverse weather, Ash Lane at the intersection of Wattle Street, Haberfield is now expected to reopen in early August. We thank you for your ongoing patience during this time.

### What we're doing

This work will involve:

- road and pavement work including the installation of traffic barriers, signage, line marking and asphalt, and the remediation of footpaths and driveways;
- utility investigation, trenching, potholing and installation (including street lighting and drainage);
- spoil delivery and stockpiling activities.

Equipment used during the work will include excavators, vacuum trucks, concrete saws, cranes, trucks, compactors, road line markers, graders, asphalt laying plant, trucks, small tools, hand tools and lighting equipment.

### How this affects you

There will be some noise associated with this work, however every effort will be made to minimise this by turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences.
