

Construction and utility work - Parramatta Road construction site

From Monday, 11 June 2018, work will continue around the Parramatta Road construction site following the westbound traffic switch, in preparation for further traffic changes. A map showing the location of the work is provided overleaf.

This work is expected to take a further 3 weeks to complete.

What we're doing

Work for the next four weeks will involve:

- road work including adjusting traffic barriers, asphalt, signage, crash cushions and line marking;
- commencing pavement rectification work on Bland Street, Ashfield;
- investigating, installing and modifying utility and other services.

Equipment used during the work will include excavators, vacuum trucks, concrete saws, cranes, trucks, compactors, road line markers, graders, asphalt laying plant, electronic lifting platforms, small tools, hand tools and lighting equipment.

How this affects you

During the Bland Street footpath rectification work, the eastern footpath will not be accessible. Access to the pedestrian bridge will be maintained via the intersection of Bland Street and Parramatta Road. Pedestrians may cross Parramatta Road using either the pedestrian bridge, or the signalised intersection.

There will be some noise associated with this work and every effort will be made to minimise this by turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Parking will be restricted in the vicinity of the work. If you travel along the route, please allow extra travel time and follow the signage and direction of traffic controllers.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

When

11 June to 1 July 2018

Hours of operation
