

Road widening - Concord Road, Concord

From Sunday 29 July 2018, work will continue to facilitate the widening of Concord Road, Concord. Residents will be updated monthly about the progress of the work.

A map showing the location of the work is provided overleaf.

What we're doing

The work will involve:

- utility service investigation and installation (including drainage)
- installing traffic barriers and signage including piling
- installing new fencing, footpaths, pavements, gutters and guard rails
- clearing and removing vegetation
- modifying and installing new traffic signals and street lighting (where required)
- installing intelligent transport system infrastructure
- soft cutting of concrete (between Patterson Street and Sydney Street).

Equipment used will include excavators, piling rig, vacuum trucks, concrete saws, core drills, chainsaws, cranes, trucks, compactors, small tools, hand tools and lighting equipment.

What is soft-cutting?

As concrete hardens and begins to set, it develops internal stresses. A specialised technique called soft-cutting helps to relieve these stresses by controlling random cracking and resulting in stronger concrete.

To be effective, soft-cutting must be completed before the concrete has cured which will result in some out-of-hours work. Every effort will be made to minimise noise impacts.

How this affects you

Pedestrian detours are in place along Sydney Street (between Thornleigh Avenue and Concord Road) and southbound on Concord Road (between Patterson Street and Sydney Street). Traffic control and

pedestrian management will be in place to ensure the safety of motorists, residents and workers. Access to driveways will be maintained. If you travel along the work route, please allow extra travel time and follow the signage and direction of traffic controllers.

There will be some noise associated with this work. Every effort will be made to minimise this impact including by turning off equipment and vehicles when not in use and directing noisy equipment away from residences where possible. If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.
