

## ITS work - Waratah Street, Haberfield

From Monday, 3 September 2018 work will continue to install the Intelligent Transport Services (ITS) infrastructure on Waratah Street, Haberfield. A map showing the location of the work is provided overleaf.

Please note that parking will not be available on the western side of the road between Alt Street and Dobroyd Parade during the work. This will ensure that the work can be completed on day shift.

### What we're doing

Work will involve:

- installing a temporary pedestrian footpath around the work site (please refer to the map overleaf);
- saw cutting and trenching in the footpath and road;
- installing communications cabling;
- temporarily remediating the area, before returning at a later date to carry out permanent remediation.

Equipment used during the work will include trucks, concrete saws, concrete trucks, excavators, vacuum trucks, and hand tools.

### How this affects you

There will be some noise associated with this work. Every effort will be made to minimise this by turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Residential access will be maintained. If you travel along the route, please allow extra travel time and follow the direction of traffic controllers and signage.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).
