

15 June 2017

Sewer relocation work – Powell Street, Homebush

Following our notification N136 on Friday, 28 October 2016, work to finalise this new sewer connection will continue.

From **Tuesday, 20 June 2017**, work will continue to complete the installation of a new sewer line on Powell Street, Homebush. To minimise disturbance, this work will take place between **7.00 am and 6.00 pm**. A map showing the work area is provided overleaf.

If the work is unable to be completed over this period, it will be rescheduled and you will be notified.

This work is expected to take **four days to complete**, weather permitting, and will include:

- establishing traffic control
- setting up temporary worksite
- inspecting manhole
- demobilising worksite and moving to the next manhole.

Equipment used during the work will include excavators, trucks, light vehicles and hand tools.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Although some parking will be required to facilitate the work, access to local businesses will be maintained.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by completing road cutting activities before midnight, using non-tonal reversing beepers on machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.
