

22 September 2016

Service relocations - Powells Creek, Homebush

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/M4East.

From **Tuesday, 27 September 2016**, work will commence to relocate water and electricity on Parramatta Road, Homebush near Powells Creek Reserve. A map showing the work area is provided overleaf.

To minimise impacts on nearby residents, work will generally be undertaken **between 7.00 am and 6.00 pm from Monday to Friday and 8.00 am and 1.00 pm on Saturday**. However, to ensure the safety of workers and motorists some work will need to be undertaken **between 9.00 pm and 5.00 am Sunday to Friday**.

The work is expected to take **three months to complete**, weather and site conditions permitting and will include:

- establishing a temporary work area and installing concrete barriers
- excavating a small trench in the footpath
- installing plastic pipes and pulling and connecting power cables
- relocating and removing power poles
- backfilling and temporary reinstatement of the work area. Permanent restoration will follow.

Equipment used during the work will include concrete saws, vacuum trucks, lighting equipment, small excavators, cranes, mobile work platforms, traffic control and a generator.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. During night work, left lane closures will be in place on Parramatta Road in the vicinity of the work.

If you travel along the work route, please allow extra travel time and follow the signage direction of traffic controllers.

There will be some noise associated with this work, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N067

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
