

22 April 2016

Dear Resident

CCTV inspection of existing sewer main

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the M4 will be widened between Parramatta and Homebush from three to four lanes in each direction, alleviating congestion. For more information, visit westconnex.com.au/M4Widening.

From **Wednesday, 27 April 2016 to Friday, 20 May 2016**, work will involve a CCTV inspection of the existing sewer main to assess its condition. A map of the work area is provided overleaf.

This activity **is expected to take three weeks** to complete, weather permitting, and will occur between **8:00 pm and 5:00 am** during low peak flows to minimise the need to disrupt the sewerage services in the local area.

Equipment used during the work will include lighting tower, CCTV van, confined space equipment, rescue kit, exhaust fan, generator and vacuum truck. Every effort will be made to keep noise to a minimum, including undertaking regular noise monitoring to ensure levels are being managed effectively.

If you would like further information about the work, please contact the project team on 1300 660 248 (24 hours) or email community.info@rcpbjv.com.au.

Notification reference: no54

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
