

20 April 2016

Dear Resident

Barrier installation

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

As part of the project, the M4 will be widened between Parramatta and Homebush from three to four lanes in each direction, alleviating congestion. For more information, visit westconnex.com.au/M4Widening.

From **Monday 2 May 2016 to Wednesday 4 May 2016**, barrier installation will be undertaken on the southern side of the James Ruse Drive westbound on-ramp to allow for the construction of the elevated road. A detour will be implemented via Parramatta Road prior to works commencing. A map of the work area is provided overleaf.

This activity **is expected to take two nights** to complete, weather permitting, and will occur between **11.00 pm and 5.00 am** to reduce impacts on road users and ensure the safety of workers.

Equipment used during the work will include hand tools, crane, light vehicles, generator and flatbed truck

Every effort will be made to keep noise to a minimum, including undertaking regular noise monitoring to ensure levels are being managed effectively.

If you would like further information about the work, please contact the project team on 1300 660 248 (24 hours) or email community.info@rcpbjv.com.au.

Yours sincerely

Mark Stevenson
Project Director
Rizzani CPB Joint Venture

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
