

Night/weekend work and traffic changes at Sydney Park Roundabout Alexandria between Wednesday 12 September and Friday 28 September

The existing roundabout at the intersection of Sydney Park Road, Euston Road and Huntley Street is being upgraded to a signalised traffic intersection serviced by traffic lights. In order to progress with the intersection upgrade, night work is required to install the initial traffic signal infrastructure conduits under the existing road pavement. During this work, redundant Ausgrid infrastructure will also be removed from underneath the roundabout.

Due to the lane closures and traffic changes required to carry out the installation and removal of these services under the road surface, this work will be carried out at night and on Saturday for the safety of road users and workers.

What we're doing

We will work in stages around each of the four roads leading to the intersection to install underground conduits across each road in a step towards installing new traffic lights in this area. Work will take place from 8pm to 5am each night, except Friday 14 September when work will take place from 8pm to 8am and on Saturday 15 September from 8am to 6pm. Please note, all work is weather permitting.

Night work:

- Week 1: Wednesday 12 September, Thursday 13 September, Friday 14 September
- Week 2: Wednesday 19 September, Thursday 20 September, Friday 21 September
- Week 3: Thursday 27 September & Friday 28 September - *as contingency if the work cannot be completed in six night work shifts*

Some preparation night work will take place on Monday 10 September, 8pm to 5am. A surveyor will mark up the road crossing locations for the conduit installation work from Wednesday 12 September. This work is not expected to generate high levels of associated noise.

Traffic changes

- Access will be maintained for traffic travelling in all directions
- Roads leading to the intersection will be reduced to one lane in each direction, please expect delays.

When

Night work:

Wed 12 Sept, 8pm - 5am
Thurs 13 Sept, 8pm - 5am
Fri 14 Sept, 8pm - 8am
Wed 19 Sept, 8pm - 5am
Thurs 20 Sept, 8pm - 5am
Fri 21 Sept, 8pm - 5am

Weekend work:

Sat 15 Sept, 8am to 6pm

Two contingency night work shifts have been scheduled

Thurs 27 Sept, 8pm - 5am
Fri 28 Sept, 8pm - 5am

For more information visit the Community Information Centre at 27 Burrows Road, St Peters. Mon to Fri, 9am - 5pm

BUILDING OUR FUTURE

Constructed by

During all traffic changes, signage and traffic control will be in place to guide motorists, pedestrians and cyclists. **Please see the map below to better explain these traffic changes.**

How this affects you

Equipment used during the night work will include excavators, concrete saw cutter, vacuum trucks, plate compactor, construction trucks, hand tools, light vehicles, and lighting towers.

The site compounds on Euston Road and on May Street St Peters will be used intermittently throughout the work for storage of materials and vehicle parking.

Traffic controllers will be in place around the work area and on surrounding streets to direct pedestrians and motorists.

The work is expected to create noise impacts to nearby residents. Every effort will be made to minimise noise and light spill associated with this work by scheduling noisy work, such as concrete saw cutting, to take place early in the night where possible. Installing noise blankets around the work areas, turning off equipment and vehicles when not in use, using non-tonal reversing beepers on all machinery and directing noise generating equipment and lights away from residential properties where possible.

Further weekend night work at the intersection of Sydney Park Road, Euston Road and Huntley Street is being scheduled for October 2018 to install temporary traffic lights ahead of the installation of the final traffic light intersection configuration. Implementation of the final traffic light configuration is currently scheduled for mid-2019.

Provisional dates:

Weekend 1 - Friday 5 October to Monday 8 October (three night work shifts)

Weekend 2 - Friday 12 October to Monday 15 October (three night work shifts)

Night work and traffic changes at the intersection of Sydney Park Road, Euston Road and Huntley Street
