

## 6 October 2016

### Water main upgrade – Cintra Park

Further to the notification on 28 July 2016, work to complete the water main upgrade at Cintra Park adjacent to Parramatta Road was rescheduled and is now due to commence on **Tuesday, 11 October 2016**. A map of the work area is provided overleaf.

To ensure the safety of workers and motorists, this work will take place at night **between 9.00 pm and 5.00 am**.

The work is expected to take two nights to complete, weather permitting and will involve:

- establishing a temporary worksite
- installing traffic safety barriers
- excavating the footpath corridor
- testing and commissioning of the newly installed water main connection
- restoring the work area to its original condition.

Equipment used will include a crane, drill rig, excavators, sucker trucks, compactors, trucks, and lighting towers.

**One eastbound lane of Parramatta Road will be closed** in the vicinity of the work. Traffic control and pedestrian management will be in place during the work to ensure the safety of motorists, residents and workers. If you travel along the work route, please allow extra travel time and follow the direction of traffic controllers and signage.

There will be some noise associated with this work, however every effort will be made to keep it to a minimum including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

Notification reference: N106b

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
