

27 April 2017

Utility location works Parramatta Road, Homebush

Work is underway on WestConnex which involves widening and extending the M4 and M5 and joining them to create a free-flowing motorway network.

The M4 East will extend the existing M4 from Homebush to Haberfield via underground twin tunnels, each 5.5 kilometres in length and among the widest in the southern hemisphere. They will allow for three lanes of traffic in each direction, saving travel time for motorists and taking traffic off local roads. For more information, visit westconnex.com.au/m4east.

From **Wednesday, 3 May 2017**, night work will be required to investigate and locate services on Parramatta road, near Crane Street, Homebush. A map of the work area is provided overleaf.

To ensure the safety of workers and motorists, and to reduce impacts on the road network, the work will take place **between 8.00 pm and 5.00 am**. If the work cannot be completed during this period, it will be rescheduled.

The work is expected to take **three nights to complete**, weather permitting, and will include:

- Traffic control set up
- Service investigation and potholing
- Backfill and temporary reinstatement of work area

A single lane closure will be required westbound to facilitate this work. Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. Please allow extra travel time and follow the signage and the direction of traffic controllers.

Equipment used during the work will include excavators, vacuum trucks, concrete saw cutters, jackhammers, lighting towers, light vehicles and hand tools.

There may be some noise associated with these works, however every effort will be made to minimise the impact of work, including by using non-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

If you have a complaint or enquiry about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N206

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
