

3 January 2018

Utilities investigation and diversion – Carrington Lane & Queen Lane, North Strathfield

Further to notification N213a, from **Monday, 08 January 2018** work will continue to implement a sewer diversion on Queens Lane and Carrington Lane, North Strathfield. A map showing the work area is provided overleaf.

Timing and work hours

This work will take place **between 7.00 am and 6.00 pm from Monday to Friday and 8.00 am and 1.00 pm on Saturday** and will take up to **four weeks to complete**, weather and site conditions permitting.

Work activities include:

- excavating along Queens Lane and Carrington Lane to a sewer manhole located at corner of Queens Lane and Carrington Lane
- laying pipe into the sewer pit
- run pipe above ground towards Sydney Street
- installing pumps in Queens Lane storage area
- testing and trailing pumps before operational (12 hour duration during daytime hours).

Equipment used will include excavators, franna crane, generators, trucks, diesel water pumps, hand tools and light vehicles.

Minimising impact

There may be some noise associated with these works and every effort will be made to minimise the impact of work, including using low-tonal reversing beepers on all machinery, turning off equipment and vehicles when not in use and, where possible, directing noisy equipment away from residences.

Traffic changes

Traffic control and pedestrian management will be in place during this work, including **lane closures as required**. Please allow extra travel time and follow the signage and the direction of traffic controllers.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.

Notification reference: N213b

ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
