

## Reopening of Ramsay Street, Haberfield

Ramsay Street will be reopened to traffic and cyclists from **9.00 am Sunday, 28 May 2017**. Subject to wet weather, additional notification will be provided if the time or date changes.

The M4East team would like to thank the community for their patience during the closure.

Traffic will return to the same arrangement as prior to the closure, however, Ramsay Street will now be on a bridge structure. The temporary right turn onto Wattle Street southbound (towards Parramatta Road) from Ramsay Street will be removed.

State Transit Authority (STA) buses, including 438, 439, L38 and L39 will return to their standard routes and timetables from 9.00 am Sunday, 28 May 2017. School buses following the previous detour route will also resume their standard routes and timetables. The complimentary shuttle service will continue until 9.00 am Sunday, 28 May 2017.

Reopening Ramsay Street is a major milestone for the construction team as it now allows the team to complete construction of the tunnel entry and exit portals and new Wattle Street alignment. Throughout the road closure, the construction team completed:

- installation of 27 permanent piles and 24 temporary piles
- approximately 6,000 m<sup>3</sup> of spoil has been excavated from underneath Ramsay Street
- 103 precast planks installed to form the bridge structure
- FRP concrete work including deck slabs, jersey barriers, drainage and service troughs
- road signage, fencing, lighting and traffic signals
- construction of a new road including drainage, waterproofing, kerb and gutter, asphaltting and line marking.

The pedestrian detour, via Alt Street, Martin Street and Wattle Street, will remain in place until Monday, 12 June 2017, when the footpath along Ramsay Street, between Wattle Street and Walker Avenue, will be reopened.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au).

Notification reference: N214

### ABOUT WESTCONNEX

WestConnex is part of a broader transport plan for Sydney which includes improved public transport, such as Sydney Metro and light rail, as well as better, more reliable motorway solutions. More than two-thirds of WestConnex will be built underground. Once complete, motorists will be able to avoid up to 52 sets of traffic lights and enjoy significant travel time savings.
