

## Installation of Fencing - Loftus Street and Chandos Street, Ashfield

The M4 East Project attempted to seek agreement from eligible properties along Loftus Street and Chandos Street regarding the permanent fencing design, between December 2017 to June 2018. As a consensus was not reached with all properties, the M4 East Project sought advice from Roads and Maritime Services (RMS) on how to proceed.

From Monday, 5 November 2018 work will commence to install the proposed fence 300 mm off the property boundary, on RMS owned land. Existing side fences will also be tied into the boundary fence. A drawing showing this design is provided overleaf.

Work is expected to take up to three weeks to complete, weather dependent. If work cannot be completed during this time, you will be notified.

### What we're doing

Work will involve:

- installing new fence posts (1.8 metres high);
- installing new Colorbond panels in Gun Metal Green;
- installing residual landscaping.

Equipment used during the work will include hand tools.

### How this affects you

Should you have any feedback on this work, please provide it by Friday, 2 November 2018. Feedback can be provided by calling, emailing or visiting the M4 East Team.

Work will be carried out from the Parramatta Road side of the fences to ensure no disruption to your access.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email [info@M4East.com.au](mailto:info@M4East.com.au)
