

## Road and footpath restoration - North Strathfield

From Thursday 20 October 2018, sections of Queen Lane, Concord Lane, Carrington Lane, and Carrington Street, North Strathfield will be re-asphalted to restore the road surface. Concreting work will also be completed to facilitate the construction of new footpaths, kerbs and gutters.

The work is expected to take four weeks to complete, weather depending. A map showing the location of the work is provided overleaf.

### What we're doing

The work will involve:

- Concreting works including; footpath, kerb and gutter
- Milling of current road surface (removing top layer)
- Asphaltting

Equipment used will include; sweeper, profiler, float-trailer, light vehicles, smooth drum roller, multi wheel roller, bob cat, excavator, vibrating compactor plate, concrete trucks, concrete saw and asphalt paver.

### How this affects you

Whilst asphaltting works are underway, vehicle access will be restricted. Asphaltting in each section is expected to take one day to complete with residents provided 24 hours' notice prior to works commence. At the end of the day the road will re-open to vehicles.

Concreting works (on either side of Carrington Street) will be undertaken consecutively and pedestrian access along the route will be maintained. Pedestrian access to properties will be maintained at all times.

There will be some noise associated with this work. Every effort will be made to minimise this impact including by turning off equipment and vehicles when not in use and directing noisy equipment away from residences where possible.

### When

Thurs 20 October - Tues 20 November

### Hours of operation

- 7am - 6pm Mon - Fri
- 8am - 1pm Saturday

### Where

Queen Lane, Carrington Lane, Concord Lane and Carrington Street, North Strathfield
