

Construction Update - Parramatta Road Civil Site

From Wednesday, 22 November 2018, work continues around the Parramatta Road Construction Site. A map showing the location of the work is provided overleaf. This work is expected to take up to four months to complete, weather permitting.

Residents will be updated monthly.

What we're doing

This work will involve:

- road work including adjusting traffic barriers, laying permanent asphalt, installing signage, crash cushions and line marking;
- investigating, installing and modifying remaining utility and other services.

Equipment used will include vacuum trucks, asphalt corers, line marking equipment, cranes, drum rollers, excavators, compactor plates, trucks, concrete saws, concrete trucks, concrete pumps, hand tools and lighting equipment.

How this affects you

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. If you travel along the route, please allow extra travel time and follow the signage and direction of traffic controllers.

The bus stop at Chandos Street has been permanently closed. Customers can use the Bland Street stop outside Muirs. The bus stop at Dalhousie Street remains temporarily closed. Customers can use the Saint David's Road bus stop as an alternative.

There will be some noise associated with this work and every effort will be made to minimise this including turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences.

If you have an enquiry or complaint about this work, please contact toll free 1800 660 248 and ask to speak to a member of the M4 East team or email info@M4East.com.au.
