

Construction Update - Parramatta Road Civil Site

Following recent traffic changes, from Wednesday, 6 March 2019 work continues around the Parramatta Road Civil Site in anticipation of project completion in early 2019. A map showing the location of work is provided overleaf. This work is expected to take up to one month to complete, with updates provided to residents monthly.

What we're doing

Remaining activities will involve:

- road work including removing temporary traffic barriers, laying permanent asphalt, installing permanent signage and line marking;
- footpath restoration and concrete works;
- removing and altering light poles.

Equipment used will include vacuum trucks, asphalt corers, line marking equipment, cranes, drum rollers, excavators, compactor plates, trucks, concrete saws, concrete trucks, concrete pumps, hand tools and lighting equipment.

How this affects you

The bus stop at Chandos Street has been permanently closed. Customers can use the Bland Street stop instead. The bus stop at Dalhousie Street has reopened.

Traffic control and pedestrian management will be in place to ensure the safety of motorists, residents and workers. If you travel along the route, please allow extra travel time and follow the signage and direction of traffic controllers.

There will be some noise associated with this work and every effort will be made to minimise this including turning off equipment and vehicles when not in use and where possible, directing noisy equipment away from residences. If you have an enquiry or complaint about this work, or if you would like to receive updates on out of hours work near your property, please contact toll free 1800 660 248 or email info@M4East.com.au
