Upcoming road closures, night work and utility installation – Campbell Street St Peters

Work is underway to widen Campbell Street and Campbell Road between Bedwin Road and Burrows Road. As part of this work, upcoming road closures and traffic changes are required to facilitate ongoing utilities installation within the project area.

Timing and work hours

Our standard construction hours are generally between **8am and 6pm, Monday to Friday** and **8am and 1pm on Saturdays**. However, extended work hours are required on:

- **Saturday 2 September** between **8am to 10pm**
and
- **Sunday 3 September** between **8am and 6pm**.

Traffic changes

Changed traffic conditions will be in place on Campbell Street and surrounding streets in St Peters. Traffic control and signage are in place to assist local residents, road users, pedestrians and cyclists navigate through the changes. Access to local streets and properties will continue to be maintained under traffic control. Setup of traffic control will occur prior to 8am on each of the above days.

*****Please note that Campbell Street from May Street to Barwon Park Road will be closed from 8am Saturday 2 September to 6pm Sunday 3 September. No night work will occur Saturday 2 September, however, excavated areas are required to be left open for commissioning purposes.***** Security and traffic management will be on site during this time.

The traffic changes are outlined in the table (reverse side). Refer to the enclosed maps for traffic detours.

Work activities

Part of the road widening involves upgrading and relocating multiple utilities. The work taking place on this weekend includes a tie into the high pressure gas line at Hutchinson Street (south end), a live water tie in to the water main on Crown Street (south end), a conduit crossing for Telstra and low pressure gas at the Campbell Street (west)/Princes Highway intersection and a pressure test on the gas line at the Campbell Street (east)/Princes Highway intersection. Utility companies involved will be Jemena, Telstra and Sydney Water.

Residents on Campbell Road (between Barwon Park Road and Church Street) will have their water transferred to the new water main which will result in a water outage for approximately 30 minutes. Sydney Water will advise the date and time.

Equipment used during this work will include light vehicles, trucks, hand tools, compactor, excavator, concrete saw/corer, tipper and vacuum truck, welder, generator, road sweeper, security and traffic management. We will make every effort to minimise construction impacts by:

- Directing noise-generating equipment and lights away from properties
- Minimising the use of reversing beepers where possible
- Turning off equipment and vehicles when not in use.

More information

If you have a question about this work, please call **1800 660 248** and ask to speak to a member of the New M5 community engagement team or email info@newm5.com.au.
